

THANK YOU

for purchasing a quality skateboard from
Swing Blade
Skateboards
LLC

INTRO

A first in skateboard technology (SBS direct drive system) allows the rider to pump out power to travel on flat, down or up-hill surfaces while your feet are always on the board!

This patented design allows you to ride for extended distances without need to touch the pavement or even push off to move forward.

We hope you appreciate this amazing new design and enjoy the experience.

CHALLENGE YOUR FRIENDS TO UP-HILL RACES!!!

SAFETY

YOUR SAFETY IS IMPORTANT TO US.

We recommend the following:

RIDE ON...

- Smooth, dry surfaces away from traffic.
- Ride safe distances from all other objects.
- Avoid cracks in pavement.
- Maintain control at all times.
- Avoid jumps or wheels off the ground.

As with all recreational devices, have responsible fun while avoiding personal injury and always consider the safety of others.

RIDE AT YOUR OWN RISK

INSPECTION

EQUIPMENT INSPECTION IS IMPORTANT CHECK FOR...

- Loose or worn parts
- Belt tooth wear
- Wheels should spin freely
- Wing nuts are tight in rear truck
- No binding in front or rear assemblies
- Your skateboard is made from quality parts and will last a long time.

HOW TO RIDE

This concept in skateboard technology allows you to ride without need to push off!

Beginning position is simply to stand on the deck and SWING back and forth side-to-side.

This motion will cause the skateboard to travel forward.

Once you get the right motion you will learn to turn with your body and foot position.

Stopping is in the traditional sense of stepping off the board while always maintaining control.

ADJUSTMENTS

The rear truck position has three (3) adjustment locations for you to try and find the ride that suits your style.

CENTER POSITION:

(Neutral) position gives balanced control for most riding activities.

FORWARD POSITION:

(Extreme) For tight turning ability.

BACK POSITION:

(Longboard) Relaxed sweeping riding.

ALWAYS check your equipment before and after a ride to ensure proper care and personal safety.

WARRANTY

Your product is backed by the manufacturer for 90 days.

Should you require further assistance or have questions, please contact us.

Swing Blade Skateboards LLC must receive returns within 30 days of the customer receipt date. Refunds will not be authorized after 30 days. All orders shipped with free freight discount and returned for refund will be charged the original shipping fees. All refused packages will be refunded in full, less shipping charges.

RETURN POLICY

If you are not 100% satisfied with your purchase, you may return it within 30 days of your receipt date. Please verify that your package meets the conditions stated within our Return Policy Guidelines. Once confirmed, follow the Return Instructions, listed below. Grip taped decks and custom assembled skateboards, including parts, cannot be returned. See website for details.
